

INDIA PAVILION at the Biotechnology Innovation Organization (BIO) International Convention & Exhibition San Diego, USA

Posted On: 21 JUN 2017 3:27PM by PIB Delhi

The Indian Pavilion at BIO International Convention & Exhibition 2017, San Diego was inaugurated by the Minister of State for S&T and Earth Sciences, Mr. Y S Chowdary.

The MAKE IN INDIA theme has been emphasized in the Indian Pavilion. Inaugurating the Pavilion, the Minister stated that the positive discussions during BIO will lead to a lot of new opportunities for Indian start-up companies in Science & Technology and will also boost the confidence of international stakeholders in India's biotech sector. More than 30 start-ups, companies, state governments, biotech parks and research institutes are exhibiting at the India Pavilion.

BIO has attracted over 15000 attendees from over 60 countries and provides a global opportunity at a single location.

The Minister also released a 60-page India Biotech Handbook 2017, showcasing the strengths of India's fast-growing \$42 billion Bio-Economy.
