

NHAI takes steps to facilitate availability of FASTags for Electronic Toll Collection Common Services Centre to set up sale points at Toll Plazas

Posted On: 17 AUG 2017 10:38AM by PIB Guwahati

In order to facilitate the availability of FASTags for Electronic Toll Collection, NHAI has taken two revolutionary steps in consultation with RBI and NPCI . These include **Online sale of FASTags** and offline sale through **Common Services Centre (CSC)** near toll plazas.

FASTag can also be purchased online from Issuer Banks websites / NHAI website / IHMCL website and will be delivered by courier at the door step of the purchaser. It is expected that this move will increase the sale of FASTags by improving availability and access.

Apart from the online sale, from tomorrow, 18th August, 2017, FASTags can also be bought from sale points of **Common Services Centre (CSC)** to be set up near toll plazas. CSC has a proven track record of making 20 crore Adhar Cards and achieving many other milestones of Digital India in short duration due to their vast network. It is expected that the association with CSC will give the ETC ecosystem a further boost.

Hybrid ETC work that involves installation & integration of RFID readers in all the Toll Plaza lanes is already under progress and is likely to be completed by 31st October, 2017. Out of all Hybrid Lanes, at least one shall be exclusively dedicated for FASTag vehicles where no other mode of Toll Payment shall be accepted . This exclusive one lane for FASTag vehicles will be operational with effect from 1 September, 2017.

In pursuance of PM Modi's drive for a cashless economy, NHAI has been working on installation and efficient execution of ETC infrastructure at all the toll plazas under its jurisdiction. The work being done by NHAI in this direction, will provide safe, smooth and seem less journey to commuters on National Highways.
