

# Measure to increase Railway Revenue

Posted On: 05 APR 2017 4:03PM by PIB Delhi

Railways need increased revenue in 2017-18 not only to meet higher revenue expenditure assessed in Budget Estimates 2017-18 but also to have surplus so as to supplement Railways' capital expenditure from internal resources.

Accordingly, a 9.8% increase in Gross Traffic Receipts of Railways has been targeted in Budget Estimates 2017-18.

In order to increase the revenue earnings in freight transportation and to improve the efficiency of freight traffic specially for non-conventional traffic in high capacity and special purpose wagons, following schemes have been introduced for procurement of rakes for freight transportation by inviting private investment through partnerships:

- Liberalized Wagon Investment Scheme: So far, out of 68 rakes for which approval for procurement has been accorded to various customers, 32 rakes have been procured/inducted and are running in the system.
- Wagon Leasing Scheme: Two Companies have been registered under the scheme as Wagon Leasing Companies who have procured 12 rakes of BLC wagons and 1 BTAP rake. Approval for 4 new BLC, 1 BTAP and 6 BFNS (22.9t axle load) rakes have been accorded.
- Special Freight Train Operators Scheme: So far, 3 rakes of BRNA wagons have been inducted and approval for procurement of 3 rakes of BFNS (22.9t axle load) has been given.
- Automobile Freight Train Operators (AFTO) Scheme: License has been given to two companies to work as AFTO and they have procured 9 rakes till date.

Further, to facilitate rapid development of a network of freight terminals with private investment, to provide efficient and cost effective logistic services with warehousing solution to end users, a scheme namely Private Freight Terminal (PFT) has been introduced. So far, 94 proposals have been received under the scheme out of which 47 terminals have been notified and are functional.

Regular interactions are held with stakeholders of the main bulk commodities carried by the Railways so as to meet the requirement of the industry.
