MISSION INDRADHANUSH (Health)

- Aims to achieve full immunization of at least 90% children by 2020
- Full immunization covers to missed out and left out children and pregnant women during routine immunization rounds, against 7 life threatening diseases.
- More than 2.1 crore children and around 56 lakh pregnant women have been immunized under Mission Indradhanush which was launched to reach the unreached.
- Around 60 lakh Vitamin A doses have been distributed along with 52 lakh ORS packets and 1.8 crore Zinc tablets.
- From 1% annual increase in coverage of Full Immunization, Mission Indradhanush has resulted in a 6.7% annual expansion in the immunization coverage as per the report of Integrated Child Health & Immunization Survey (INCHIS).
- Mission Indradhanush has been launched in 2014-15 to reach out to the children where routine vaccination cannot be reached out. The objective of Mission Indradhanush is to increase full immunization coverage in India to at least 90% children by 2020.
- Three phases of Mission Indradhanush have been completed in which 497 districts across 35 states/UTs have been covered. Fourth phase of Mission Indradhanush is ongoing in 68 districts of NE states from 7th February 2017. As of now, 505 districts across 35 state/UTs have been covered under various phases of Mission Indradhanush. The fourth phase of Mission Indradhanush began in 182 districts across 18 other states from 7th April 2017.
- India has validated Maternal & Neonatal tetanus elimination in May 2015, well before the target date of December 2015.
- Country achieved MNT Elimination through the strengthening of health systems by innovative programmes like Janani Suraksha Yojana (JSY) and Janani Shishu Suraksha Karayakaram (JSSK) to improve institutional delivery and by strengthening Routine Immunization.

Pradhan Mantri Surakshit Matritva Abhiyan-PMSMA

- The program aims to provide assured, comprehensive and quality antenatal care, free of cost, universally to all pregnant women on the 9th of every month. PMSMA guarantees a minimum package of antenatal care services to women in their 2nd / 3rd trimesters of pregnancy at designated government health facilities.
- The programme follows a systematic approach for engagement with private sector which includes motivating private practitioners to volunteer for the campaign; developing strategies for generating awareness and appealing to the private sector to participate in the Abhiyan at government health facilities.
- The Pradhan Mantri Surakshit Matritva Abhiyan has been rolled out in all States/ UTs.
- More than 40 lakh antenatal checkups have been conducted at PMSMA sites for comprehensive services under the programme.
- PMSMA is conducted at over 11000 health facilities across all State/UTs.
- Over 3750 volunteers are registered on PMSMA portal across all State/UTs.
- Over 1400 volunteers have provided services under PMSMA.
- More than 2.70 lakh high risk pregnancies have been identified under PMSMA.
