'HACKATHON' for School students

The Liquid Propulsion System Centre (LPSC) at Valiyamala in Thiruvananthapuram, one of the lead centers of ISRO, on its pearl jubilee is organising a 'HACKATHON' for school students across Kerala. Four day residential programme consisting of three day training and one day problem solving session based on Raspberry Pi and Arduino will be held as part of this. The idea is to give them a feel of control applications related to robotics and automation. The programme will be held at Thiruvananthapuram from 26th to 29th December 2017. This is a fully residential programme for 8th and 9th standard students. It will be led by eminent Academicians & scientists of LPSC.

 Interested schools can apply on or before 20th November 2017.
